

BEREAVEMENT CARE FOR THE WHOLE FAMILY

Perhaps the butterfly is proof that you can go through a great deal of darkness yet become something beautiful.

Coastal Kids Home Care is carrying on the legacy of Papillon Center for Loss & Transition's compassionate bereavement services for individuals in our community.

Losing someone you love is devastating. You may feel overwhelmed and isolated. Friends and family offer support but may not know what to say or may be experiencing their own grief. Every grief experience is different, but you are not in this alone. Please reach out to learn more about how Papillon can support you and your whole family during this difficult time.

Bereavement Resources

Adult bereavement groups are available in-person or via zoom and respond to different experiences of loss and stages of grief:

- General grief group
- General grief Group (Spanish)
- Child loss support group
- Overdose grief group

Resources for children and teens include both one-on-one counseling with licensed therapists and bereavement groups.
